Best Value in Today's Market!

Highlights

Innovative

All compasses point toward change. Innovation is the key to staying on course—and ahead of your competition.

As greater workforce mobility and advances in technology arrive, our team continues to lead with constant innovations to handle your learning management needs. Whether it's mobile applications or social media, we're always on the lookout for the next LMS innovation.

Responsive

Within weeks, Badiyan sets up and prepares your custom Universal Knowledge™ LMS and then YOU DRIVE!

It's that easy, but we'll be here with guaranteed, responsive support and ongoing training when you need it. You'll always have unprecedented, direct-support access to the experts who built your LMS!

Value

Your custom LMS, Universal Knowledge™ offers the best scalable features to suit your business needs and budget today and in the future.

Scalable

Universal Knowledge™ can meet your learning where it is today and take it into the future—at a pace you're comfortable with. Even small to mid-sized companies don't have to wait for a first-class LMS. Universal Knowledge can grow with you, starting today. You'll never need another LMS!

Universal Knowledge™ scalability

- Supports a large number of users simultaneously
- Nested departments or groups
- Customizable roles and levels of access
- Supports clustered servers

Stable

Badiyan knows learning; we've been doing it for over 4 decades. Our history of award-winning success and innovations in the creation of blended learning models and marketing solutions makes us a natural choice for your learning management needs.

Learning On Demand

Learning today often means finding specific information (only what is required) to solve a problem quickly. Universal Knowledge™ has robust search capability to connect people with the learning solutions they need fast.
